General Admissions Requirements

Age: Students must be 5 years old on or before September 1st to begin kindergarten.

Physical Examination and Immunization Requirements:

Illinois law requires that all pupils must have a current physical examination and proof of immunization before entering preschool, kindergarten, sixth, and ninth grades. If the pupil didn't attend kindergarten, this physical examination and proof of immunization must be obtained before entering the first grade.

The state law requires that all children entering school be immunized against polio, diphtheria, tetanus, pertussis (whooping cough), measles (2 shots), rubella and mumps. All children entering preschool and fifth through ninth grade must have received the Hepatitis B series of three immunizations. Preschool children must have received their Hib series which immunizes for influenza (flu). Preschool children are also now required to show proof of receiving one dose of varicella (chickenpox) on or after their first birthday. Students must also have a lead screening test before entering kindergarten. Evidence of Health Examination and Immunization must be presented before students are allowed to enter preschool, kindergarten, sixth, or ninth grades.

Eye Exam and Dental Exam Requirements:

Eye exams are required for students entering kindergarten and for students new to the district. Dental exams are required for students entering kindergarten, second, sixth and ninth grades.

Birth Certificate: A certified copy of the official certificate of birth must be presented upon enrollment in kindergarten or by students new to the Canton school system.

Enrollment for First Time: Students enrolling in Canton Schools for the first time must present official records from their previous school, provide an official birth certificate, meet physical examination and immunization requirements, and provide evidence of vision examination.

Textbook Rental and Fees: In addition to textbook rental fees, other instructional fees apply that are grade-level/course specific. Students in financial need may apply for a waiver. Eligibility guidelines and application forms are available at each school.

Insurance

Student Insurance is available to all students as a secondary insurance. Information on policies and claim procedures can be obtained at the District Administration Building located at 20 W Walnut St, Canton, IL 61520

Food Service: Each school has a breakfast and a lunch program available to students.

Student discipline: Canton District 66 maintains a Parent-Teacher Discipline Advisory Committee which meets annually to review district discipline policies. Disciplinary measures include, but are not limited to, the following: expulsion, suspension, and removal from the classroom, denial of privileges, probation, or detention. Prior to receiving a disciplinary action, the student shall be given the opportunity to deny or explain his or her misconduct to the classroom teacher and/or building administrators. No disciplinary measure may include slapping, paddling, or prolonged maintenance of students in physically painful positions nor shall it include the intentional infliction of bodily harm. Disciplinary rules are distributed to parents and guardians.

Harassment: It is the policy of Canton Union School District #66 to provide for it employees and students an environment free from any behavior which could be construed as harassment. Complaints relative to this policy may be reported verbally or in writing to any supervisor, principal, counselor, or the Superintendent.

Emergencies and Severe Weather: To determine if the schools will open in extreme weather, PARENTS ARE ASKED NOT TO CALL THE CENTRAL OFFICE OR RADIO STATION. Parents will be alerted by an automated telephone message through the district's Skylert Messaging System. Information will also be available on the district website, Canton radio station WBYS, and local television stations. During the tornado season, WBYS broadcasts the authoritative source of warning information. In cases of a tornado warning during school hours, pupils will be kept in the buildings until the warning is lifted. Each school has a disaster plan, as well as a fire emergency plan.

Each school is equipped with an emergency radio which is in direct contact with the weather reporting bureaus.

The decision to close or the delay school during severe winter weather is based upon the following information:

1. Early (before 6 a.m.) personal inspection of road conditions by school personnel.
2. Contact with road commissioners.
3. Contact with strategically located families and bus drivers.
4. The latest weather information.

The decision to close or to delay school is made as early as possible and posted on the district website, radio station WBYS (1560 AM) and television stations Ch. 19 HOI, 25 WEEK and Ch. 31 WMBD, in addition to a Skylert telephone message to parents. A delayed start means classes will start on hour later and buses will run one hour later. Parents are urged to listen to their radio for school closing information.

Illness and Injuries: If your child becomes ill or is injured during the school day, please have a definite place the child may go if you are not at home. An emergency telephone number is needed for each child.

Medication: District procedures on the Administration of Medication to Students are explained in school handbooks. Parents should become familiar with these procedures.

High school student who are properly licensed and insured may purchase a parking permit so that they may drive a motor vehicle to school. Students who drive in an unsafe manner will lose the privilege to drive to school.

Each bus student will receive a list of regulations governing school bus riders. It is recommended that all riders, parents of riders, and teachers become thoroughly familiar with the regulations. Students failing to observe bus regulations will be referred to their building principals. The building principal and the bus driver will decide what disciplinary action needs to be taken, if any. The kinds of impairments for which services can be provided are visual, hearing, physical, speech/language, learning disability, emotional/behavioral, health impaired, intellectual disability, autism, and traumatic brain injury.

The school district provides an annual screening of all children between the ages of 3 and 5, hearing and vision screening at regular intervals and ongoing annual screening by teachers and other professional personnel for referral of those children who exhibit problems which interfere with their educational progress and/or their adjustment to the educational setting. All kindergarten students are screened for dyslexia and other reading disabilities. Referrals for preliminary evaluation in Canton schools may be made through the building principal by school district personnel, the parents of the child, community service agencies, persons having primary care and custody, other professional persons having knowledge of the child's problems, the child, or the State Board of Education when there is reason to believe that a child may require special education services.

Notes

A stylized illustration of a rolled-up scroll. The scroll is light gray with a thick black outline. The word "Notes" is written in a black, cursive font on the top edge of the scroll. The scroll is partially unrolled, showing a large, blank, light gray area in the center. The top and bottom edges of the scroll are rolled up, creating a circular shape on the right side. The overall appearance is that of a simple, clean graphic element.
