# Raptor Alert Apple Watch Notifications
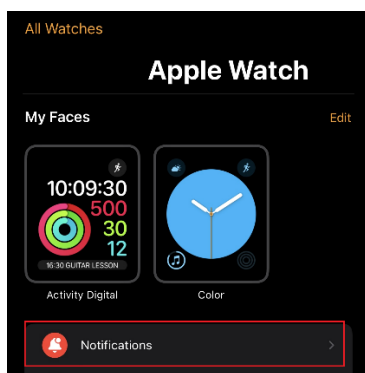

Purpose: How to turn on/off Raptor Alert notifications on your Apple Watch

Note: If you decide to turn off notifications on your Apple Watch, you will not receive *any* Raptor Alert notifications to your watch. This includes group messages, team assists, and other alerts. If you allow notifications on the Apple Watch, the Emergency Critical Alert will not sound on your phone.

1. Find the 'Watch' app on your iPhone

2. Select 'Notifications'

3. Scroll to find 'Raptor Alert' and toggle on or off
